PETITIONING THE COURT

To incorporate the violations contained in this petition in future proceedings with the violations previously reported to the Court on 11/14/2023 and 03/07/2025.

On April 25, 2023, a United States probation officer reviewed Mr. Parisian's conditions of supervised release with him. He signed his judgment acknowledging his understanding of his conditions of supervision.

The probation officer believes that the offender has violated the following condition(s) of supervision:

<u>Violation Number</u>	<u>Nature of Noncompliance</u>
-------------------------	--------------------------------

8

Special Condition #3: You must abstain from the use of illegal controlled substances, and must submit to urinalysis and sweat patch testing, as directed by the supervising officer, but no more than 6 tests per month, in order to confirm continued abstinence from these substances.

Supporting Evidence: It is alleged that Christopher Parisian violated the terms of his supervised release by consuming a controlled substance, methamphetamine, on or about March 5, 2025.

On March 6, 2025, Mr. Parisian submitted to a urinalysis at Pioneer Human Services (PHS). He tested presumptive positive for methamphetamine. At that time, he denied use.

On March 11, 2025, he reported to the probation office. During this contact he admitted to consuming methamphetamine on March 5, 2025, and signed a drug use admission form.

Special Condition #3: You must abstain from the use of illegal controlled substances, and must submit to urinalysis and sweat patch testing, as directed by the supervising officer, but no more than 6 tests per month, in order to confirm continued abstinence from these substances.

Supporting Evidence: It is alleged that Christopher Parisian violated the terms of his supervised release by consuming a controlled substance, methamphetamine, on or about March 10, 2025.

On March 10, 2025, Mr. Parisian submitted to a urinalysis at Pioneer Human Services (PHS). He tested presumptive positive for methamphetamine. Mr. Parisian signed a drug use admission form indicating his last use of methamphetamine was on March 5, 2025.

A lab report has since been received, which confirmed a positive presence for methamphetamine. This would indicate additional use since March 5, 2025.

The U.S. Probation Office respectfully recommends the Court to incorporate the violation(s) contained in this petition in future proceedings with the violation(s) previously reported to the Court.

I declare under penalty of perjury that the foregoing is true and correct.
